## Bird-Shot For Tiger.

No use to hunt tigers with bird-shot. It doesn't hurt the tiger any and it's awfully risky for you.

Consumption is a tiger among diseases. It is stealthy—but once started it rapidly eats up the flesh and destroys the life. No use to go hunting it with ordinary food and medicine. That's only bird-shot. It still advances. Good heavy charges of Scott's Emulsion will stop the advance. The disease feels that.

Scott's Emulsion makes the body strong to resist. It soothes and toughens the lungs and sustains the strength until the disease wears itself out.

Send for free sample. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. See and know, all druggists.

## Obituary.

Died, at the home of her daughter, Mrs. M. J. Dickerson, on September 10, Grandma Whittaker, aged 82 years. She had been afflicted with paralysis for several years, but was never heard to complain, and endured all bravely and at last passed triumphantly to her eternal rest. She had been a faithful member of the New Salem Methodist church for twenty five years. During the time that her health permitted her, she was an earnest worker in the church.

She leaves five children, thirty grandchildren, and many friends to mourn her loss. She was a devoted wife and mother, and the summons found her ready. Our mourning is not without hope, but we bow in humble submission to the will of Him "who doeth all things well." May we all be able to say, "Father, Thy will be done." After a short funeral service by Rev. T. H. Jenkins, pastor of the Oak Ridge Baptist church, the remains were laid to rest to await the resurrection.

Grandma has gone to heaven. Holding a beckoning hand, Calling us home forever, To a fairer, better land. Another mound in the graveyard, A form beneath the sod, One more at the feet of Jesus, In the beautiful home of God.

A FRIEND.
